

Espresso Spa Innovative design and comfort.

The one and only pipe-free pedicure spa designed to adapt to clients 5 foot tall up to 6 foot 8 inches tall and to accommodate wheelchair bound and elderly clients. Innovative design and comfort merge to satisfy the needs of today's marketplace. Together with NTAC advisors, European Touch engineers developed the Espresso Spa to satisfy the requirements for a universal, user-friendly pedicure spa. With the pipe-free Espresso Spa, you will enjoy peace of mind knowing that the Espresso Spa features an adjustable height chair, and a custom designed basin with front mounted pipe-free water circulation creating a swirling, revitalizing water massage that relaxes and rejuvenates. The Espresso Spa pipe-free unit is an effective water massage and is easy and simple to clean. A simple pull and twist cover allows you to get to the pipe-free impeller for simple, easy cleaning.

ESPRESSO

Spa sanitation made simple.

Basin Colors

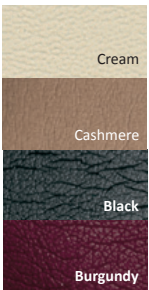

The electronic remote allows fingertip control of the multi-zone massage chair.

An electronic remote allows fingertip control of six massage motors in the chair back and seat.

Cushion Colors

The Espresso Spa pipe-free unit is an effective water massage and is easy and simple to clean. A simple pull and twist cover allows you to get to the pipe-free impeller for simple, easy cleaning. And as with other European Touch pedicure spas, you only need 4.5 gallons of water. That means less hot water during treatments and less chemical when sanitizing.

The Espresso Spa has patented hydraulic lift. No motors or electronics make it easy and dependable while conserving energy.

The Espresso Spa utilizes a simple, yet effective two position footrest accommodating the height of the client.

We have a solution that's right for your salon or spa. Call for more information and a free consultation.
